Going for Goals

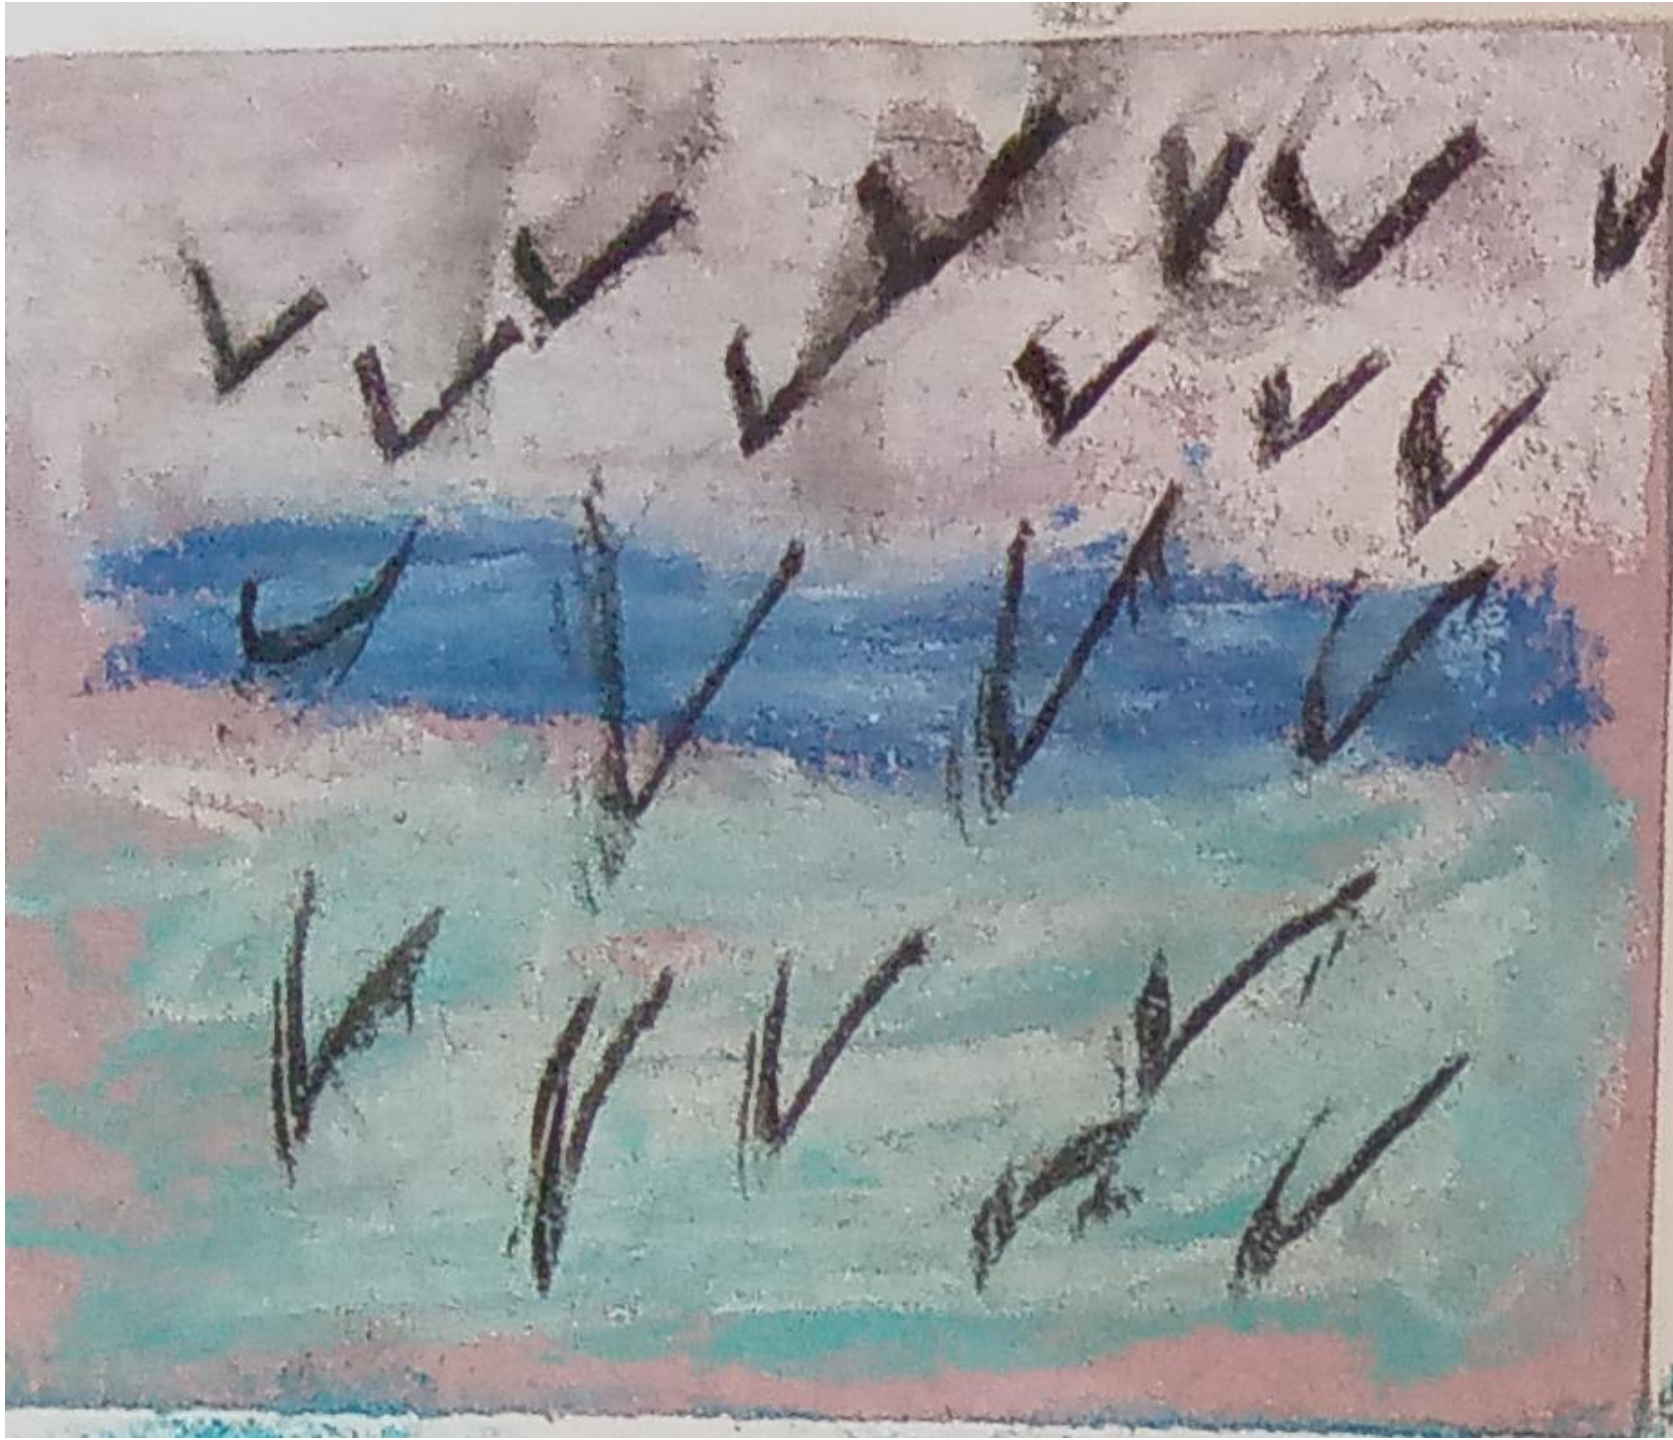

Welcome to Kidsty Pike Worship Time.

This term we have been learning about 'Our World in Wonder'

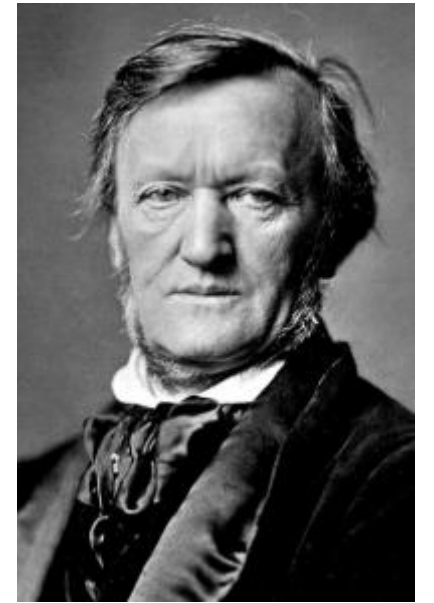

In music and art we have been learning through the story of 'Yoyo and the Little Auk'

The little Auk was a thinker and he wanted to discover more about the world

One day, the Little Auk felt and heard the wind blowing so he stretched his wings and set off from his home in the Arctic to discover more about the world.

Richard Wagner

The Ride of the Valkyries

The wind blew South Easterly.

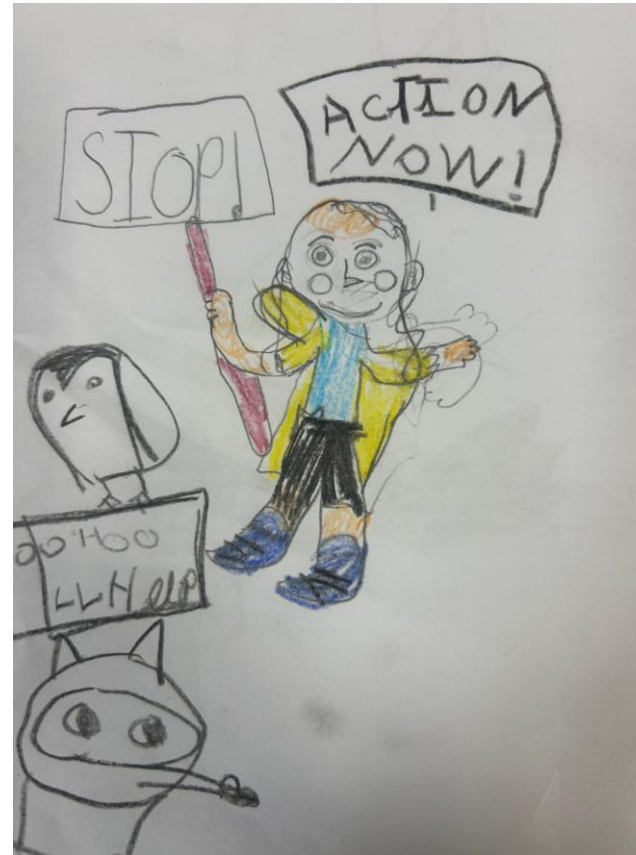

When the wind died down and the Little Auk glided down and landed in Sweden...

In Sweden the Little Auk met Greta Thunberg.

Greta was a child activist.

She is well known for making governments think more about climate change.

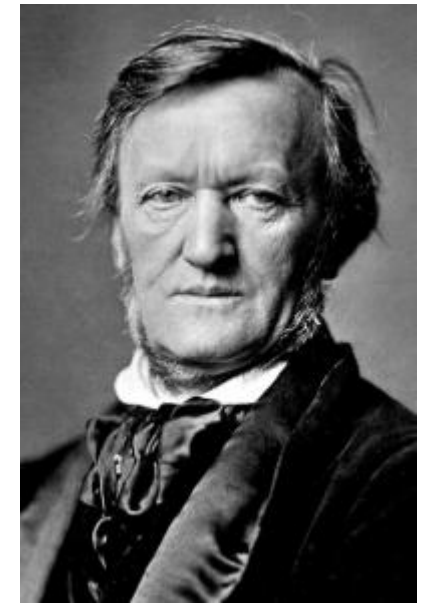

ABBA – Voulez Vous

To remember Sweden the Little Auk, listened to music from Sweden and made a picture in his mind.

The Ride of the Valkyries

The wind blew South Westerly.

When the wind died down and the Little Auk glided down and landed in Scotland...

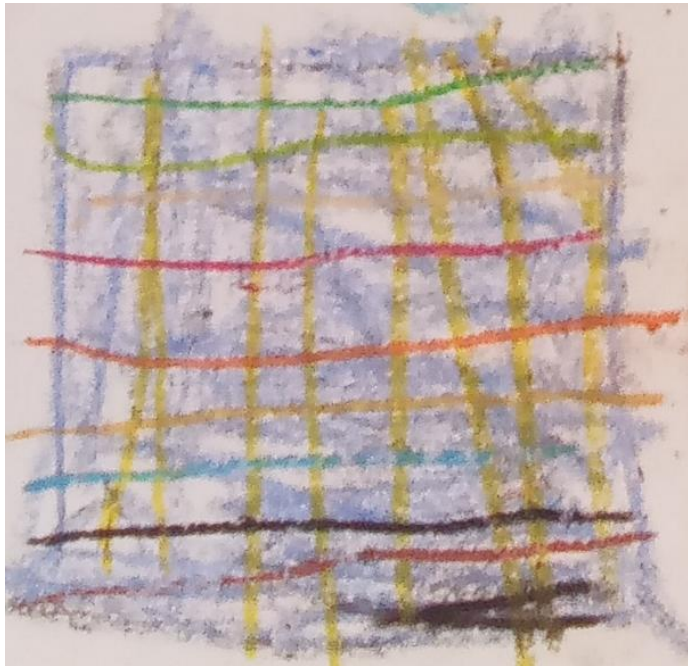

In Scotland the Little Auk met Yoyo,

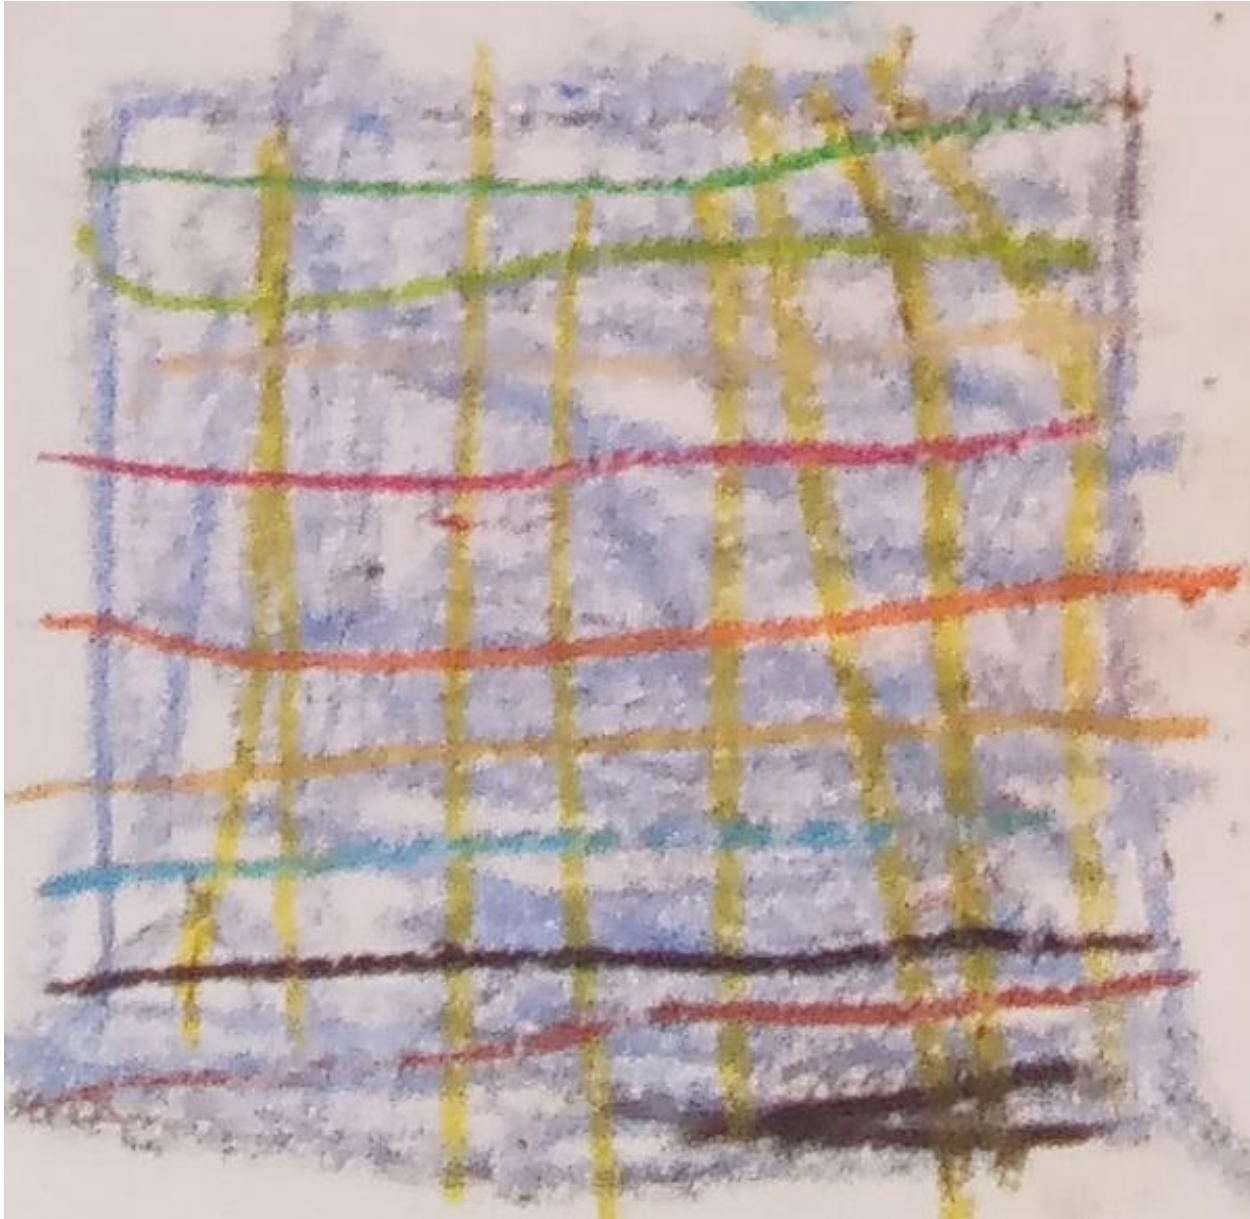

Yoyo made friends with the Little Auk.

She learned some facts about Little Auks:

Little Auks migrate south from Greenland in the Winter.

They can often be seen in Scotland.

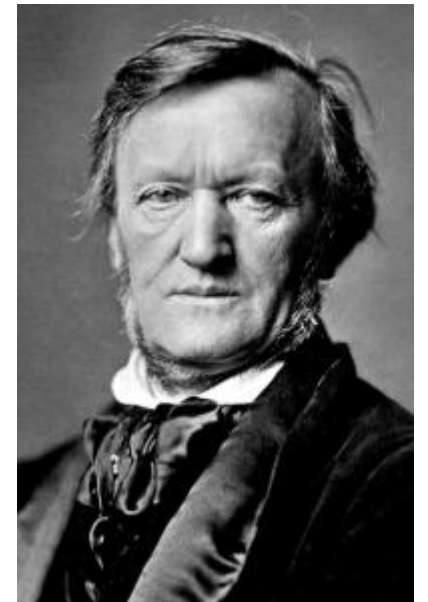

To remember Scotland the Little Auk, listened to traditional Ceilidh music and made a picture in his mind.

The Ride of the Valkyries

The wind blew him a long way to the South West.

When the wind died down and the Little Auk glided down and landed in Peru...

In Peru the Little Auk met Paddington Bear's relatives.

They all liked making marmalade.

'We are the Marmalade Crew!'

The ingredients for our marmalade is sugar and oranges.

You have to boil it and stir it for 30 minutes.

We have entered a jar into the Dalemain Marmalade competition.

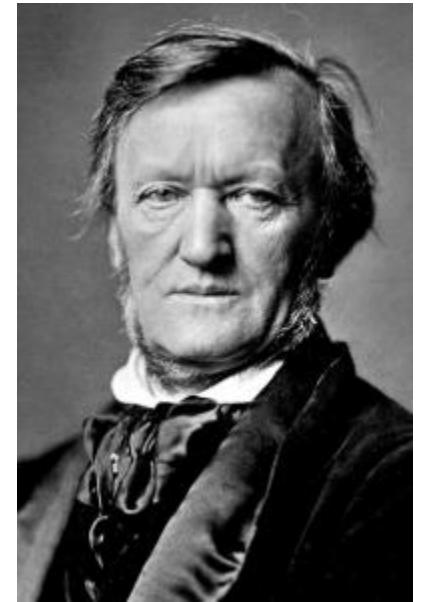

To remember Peru the Little Auk, listened to Peruvian pan pipes and made a picture in his mind.

North West

When he wind died
down and the Little Auk
glided down and landed
in Trinidad.

In Trinidad the Little Auk learned about Floella Bejamin.

Here are some facts:

Floella's father was a jazz musician. He was invited to come to Britain.

Floella followed her father to Britain in 1960. She travelled on the ship with just her sister

When she first arrived she found it hard because people were mean to her.

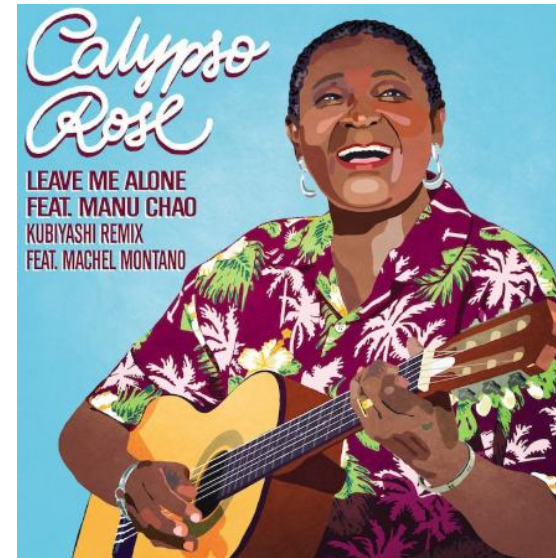

She eventually made friends and became a successful TV presenter on children's TV.

She even met the Queen.

To remember Trinidad the Little Auk, listened to Calypso music and made a picture in his mind.

Calypso – traditional music from Trinidad

The Little Auk began to feel homesick, he knew it was time to go back home North, to The Arctic.

When he got home he couldn't wait to tell his family about his adventure around the world.

He thought and thought and remembered the sounds, pictures and movements and was able to re-tell his friends the whole story.

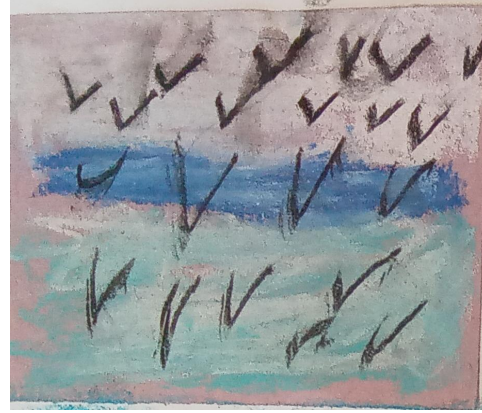

'As a class we made a graphic score' of the Little Auk's journey, using the sound pictures we drew in art. We matched percussion instruments and body percussion to the pictures.

Prayer:

Thank you God for all the different sounds and music in all the different countries.

Help us to achieve our goals just like the Little Auk who wanted to see more of the world.

Also, help us find ways to remember and think about all the good things that we do.

Amen

Let's say thank you to God for helping us to be a good thinker.
To remember and help us to achieve our goals, just like the Little Auk.
